Register Today!

The Maine Critical Access Hospital Patient Safety Collaborative

is pleased to invite

Maine health care colleagues

from hospitals, pharmacies,

physician practices, nursing

facilities and other settings

to the **Patient Safety**

Academy.

This interdisciplinary educational event

will provide thought-provoking sessions, skill building workshops and the sharing of best practices in patient safety.

Who should attend?

Nurses, pharmacists, physicians, health care administrators, policy makers, and other individuals engaged in health care quality and patient safety in Maine.

Keynote Address

Carol Haraden, PhD

Institute for Healthcare Improvement

Carol Haraden, PhD, Vice President at the Institute for Healthcare Improvement is a member of the team responsible for developing innovative designs in patient care. She also leads the IHI team in the transformation of country-wide patient safety in acute care in Scotland and Denmark. She serves as the IHI advisor on safety programme development with the NHS Institute. She is the executive lead for the Patient Safety Officer Executive Training Program. She has been a dean in higher education, a clinician, consultant and researcher.

Workshop Faculty include representatives from USM Muskie School, UNE School of Pharmacy, Maine Medical Center, Dana Farber Cancer Institute, Togus VA Medical Center, Maine CAH Patient Safety Collaborative.

See next page for workshops and schedule
